

Folkestone Rotary Club Christmas Collection 2016

The club organises this annual event where members collect money from the public by going round residential areas with Father Christmas on a float. We also collect money from the public at various supermarkets.

All monies collected are then used to purchase large quantities of food that is separated into bags and delivered to the needy within the local area. The parcels are received very well by the recipients and we have had numerous letters of thanks in the past for support and consideration. As in previous years Folkestone Rotary Club will continue supporting the Winter Shelter Project for the homeless where local Churches will be assisting with their accommodation and welfare needs.

We therefore would be obliged if you would publicise the event for us within your publication as many times as possible throughout the December period and prior as the collections commence on 5th December and finish on the 21st December.

If you require any further information do contact Ray Johnson on 01303 221 188 / 07968 290 352.

I confirm the following locations:

Monday 5th December: Cherry Garden Lane – Tilekiln Lane
